SUMMARY

Software Engineering Technician student at Centennial College with hands-on experience in web development using React, JavaScript, and modern frameworks. Passionate about building clean, accessible, and user-focused applications. Quick learner who enjoys solving problems and collaborating in team environments.

EDUCATION

Centennial College — Software Engineering Technician Diploma

Toronto, ON | Expected 2027

Relevant coursework: Web Application Development, Object-Oriented Programming, Database Design, Data Structures, Operating Systems.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Java, C#, Python, SQL, HTML5, CSS3

Frameworks: React, TanStack Router, Node.js, Express, Tailwind CSS

Tools: Git & GitHub, VS Code, Visual Studio, Figma, Postman

Concepts: Responsive design, REST APIs, OOP, Agile, Accessibility (WCAG)

PROJECTS

Personal Portfolio Website — React, TanStack Start, Tailwind CSS

- Designed and built a responsive 6-page portfolio with custom design tokens and accessible navigation.
- Implemented a working contact form with client-side validation and routing on submit.

Task Tracker App — React, LocalStorage

- Built a single-page app to create, edit, filter, and persist tasks across sessions.
- Practiced component composition, hooks, and state lifting.

Student Database System — Java, SQL

- Modeled a small school database; wrote queries to add, search, and report on student records.

EXPERIENCE

Customer Service Associate — Retail (Part-time)

Toronto, ON | 2023 – Present

- Provide friendly support to a diverse customer base; consistently meet daily service goals.
- Train new staff on POS systems and store procedures, improving onboarding time.

ACTIVITIES & INTERESTS

Member, Centennial College Women in Tech club. Enjoy football (FC Barcelona fan), sketching UI ideas, and exploring new frameworks on weekends.

LANGUAGES

English (fluent), Arabic (native).
